PROFESSIONAL SUMMARY

BCA student and frontend developer with hands-on experience building responsive and interactive web applications using HTML, CSS, JavaScript, React.js, and Tailwind CSS. Experienced in developing reusable components, integrating APIs, and creating user-friendly interfaces through academic and personal projects. Interested in frontend development and UI/UX-focused roles where I can contribute to building clean, responsive, and engaging digital experiences.

KEY SKILLS

Languages & Core: HTML5, CSS3, JavaScript (ES6+)

Frameworks & Libraries: React.js, Tailwind CSS

Design: Responsive Web Design

Tools: Git, GitHub

PROJECT EXPERIENCE

FrameFusion — Photo Gallery Web App | *React.js*

- Developed a responsive photo gallery with category-based image filtering using React.js.
- Implemented interactive favorites and dynamic image-detail views for improved user experience.
- Built reusable gallery components and responsive layouts for different screen sizes.
- Focused on clean visual hierarchy, intuitive navigation, and user-friendly interactions.

VibeFlow — React Music Player | *React.js, JavaScript, CSS*

- Developed an interactive music player with play/pause, skip, volume, playlist, and progress controls.
- Implemented real-time audio progress and duration tracking using React state and useRef.
- Structured the application using reusable React components for maintainability.
- Designed a responsive music-focused interface with consistent visual and interaction patterns.

Weather App | *HTML, CSS, JavaScript, React.js*

- Developed a responsive weather application integrating a public weather API for real-time data.
- Implemented location-based search to display temperature, weather conditions, humidity, and wind speed.
- Handled API data and presented key information through a clear and user-friendly interface.
- Designed the application for responsive use across desktop and mobile devices.

EDUCATION

Bachelor of Computer Applications (BCA) | 2024 – Present

Brainware University, West Bengal | SGPA: 8.10

Higher Secondary (Class 12) | 2023

Chanchal Siddheswari Institute, West Bengal | Percentage: 83%
